· WatsonAssistant

IBM Watson Assistant Lite Upgrade Learning center

Welcome to the new Watson Assistant [Next](#)

Create your first assistant

Let's get your assistant up and running. Name your assistant, add a description, and choose a language. In following steps we'll gather more information, show you basic customizations, and give you a preview of what your assistant will look like.

Assistant name

Your assistant name will be kept internally and not visible to your customers

Description (optional) 0/128

Assistant language

This is the language your assistant will speak.
